ABB Home Electrical Distribution Box Solution

Overview

Distribution board CA24V from ABB, designed for surface installation, for 96 (4x24) circuit breakers with metal door. Stable and waterproof body made of steel. ABB Drives is a global technology leader serving industries, infrastructure and machine builders with world-class drives, drive systems and packages. We help our customers, partners and equipment manufacturers to improve energy efficiency, asset reliability, productivity, safety and performance. The announcement signals ABB re-launching and re-branding its residential energy distribution offering under the ABB ReliaHome brand, following its acquisition of GE's Industrial Solutions business in 2018. You also want reliability and cool new features. Here are six brands that are great in 2025: Schneider Electric uses smart technology for better control.
