Are Huawei s optical modules compatible with H3C

Overview

Huawei SFP Module is compatible with Huawei, Cisco, Juniper, H3C, Finisar and Arista. Switch has many brands, such as CISCO, HUAWEI, H3C, Juniper, ZTE, HP, DELL and so on, so there are varieties of brands of modules. However, the price of these brand modules is very expensive, and many users will be prohibitive. 25g rate, is compatible with single-mode and multi-mode optical fiber, and is suitable for data centers and enterprise networksIt is suitable for it engineers and corporate buyers who have high requirements for stability, but it. Optech optical transceivers, copper cables and active cables are 100% compatible with all major switch brands on the market. All products are tested on corresponding equipment. It is also a well-known brand in the telecom. The H3C SFP GE SX MM850 A is a common Gigabit Ethernet SFP module designed for multimode fiber links operating at 850nm. It enables reliable 1Gbps optical connections between switches, servers, and other networking devices, making it suitable for switch-to-switch interconnects, access layer. NDD modules are fully compatible with Huawei, Cisco and H3C switches, and can provide a full range of optical module solutions to help users build cost-effective network systems.

Article Content

Can original HUAWEI optical module be used on H3C

So can original HUAWEI optical module be used on H3C switch? The answer is No. Some companies, especially some famous companies, such as CISCO,

Latest 2025 | huawei h3c gigabit optical module ...

The huawei h3c gigabit optical module sfp-ge-lx-sm1310-d is a high-performance, stable, and reliable network transmission module. it supports a data transfer rate of 1.25gbps and is

H3C Servers Compatibility Lookup Tools

This tool contains only network adapters that have compatible transceiver modules. To obtain information about the network adapters not in this tool, contact Technical Support.

Compatibility Matrix for Transceivers and Cables

Optech optical transceivers, copper cables and active cables are 100% compatible with all major switch brands on the market. All products are tested on corresponding equipment.

H3C SFP GE SX MM850 A Compatible Replacement Guide

Compatible optical modules designed for H3C networking environments can provide the same functional role as the H3C SFP GE SX MM850 A when they follow the same technical specifications and

100GBASE-LX4 QSFP28 1310nm 2km/100m SMF/MMF

NDD modules are fully compatible with Huawei, Cisco and H3C switches, and can provide a full range of optical module solutions to help users build cost-effective

Can your optical modules be compatible with Huawei S6720S

In order to alleviate customers'' concerns, we have purchased various brands of switches, including Cisco, Huawei, H3C, HP, Juniper, Alcatel, Mikrotik, Arista, Aruba, VOLKTEK, etc. Before

Optical Modules for Huawei S Series Switches

Non-certified optical or copper modules cannot ensure transmission reliability and may affect service stability. Huawei is not liable for any problem caused by the use of non-certified optical or copper

Are All SFP Modules Compatible? □Common SFP Compatibility

© 2026 EXF OPTICAL NETWORKS - All rights reserved

No, not all SFP modules are compatible. Compatibility depends on vendor coding, firmware restrictions, and device support. In real-world deployments, many network issues such as “unsupported
