ZCEBO

X / Chinese OEM SuppliersSpecializes in outdoor, IP65-rated distribution boxes with ABS bodies, PC doors, and rubber seals. Provides flexible configurations (4–36 ways) and fire-resistant, UV-protected materials. Offers free samples and competitive pricing for bulk orders, suitable for high-end markets.

Gaobo Portable Temporary Construction Power Distribution BoxMobile, weatherproof units designed for construction sites and outdoor operations. Equipped with main circuit breakers, residual current devices (RCDs), and branch MCBs. Supports 380V three-phase and 220V single-phase power, with customizable output circuits (3–8 ways).

Features high-visibility yellow steel casing, tripod stand, and comprehensive safety protections.

Alibaba and Made-in-

China Platforms

Provide access to dozens of verified temporary power distribution box manufacturers across Asia. Suppliers offer OEM, ODM, and self-patented designs, with options for low-voltage AC 220/380V systems. Buyers can compare product specifications, certifications, and pricing from multiple manufacturers.

Features to Consider

Weatherproofing & Durability: IP54–IP65 ratings, flame-retardant materials, UV protection, and waterproof designs. Safety & Compliance: Built-in circuit breakers, RCDs, overload protection, CE certification, and compliance with local electrical standards. Customization: OEM/ODM services, flexible output circuits, and tailored enclosures for specific applications.

Mobility: Portable units with handles or tripod stands for easy relocation on-site. Applications: Construction sites, outdoor events, temporary lighting, ventilation, small power tools, and emergency backup power. These manufacturers provide a broad range of industrial-grade, portable, and customizable temporary power distribution solutions suitable for various Asian and global markets, ensuring safety, reliability, and compliance with electrical standards.
