Australian air-cooled 40G switch

Overview

VPX board with 40 Gigabit fully managed 3U VPX Layer2/3 Gigabit Ethernet switch for harsh environments, offering secure management interfaces and availability with VITA65 and SOSA profiles. It is designed in alignment with the SOSA™ Technical Standard, as well as being compatible to a wide range of OpenVPX profiles and includes up to 32x 10GigE or 8x 40GigE ports (or combination of the two). Furthermore. FS 40G Ethernet Switches with high speed and port density give you cost-effective options to incrementally upgrade and have flexible bandwidth across the existing infrastructure in enterprise campus network. (*) Grades and conditions are subject to availability. The Curtiss-Wright VPX3-655 is a very versatile Ethernet switch supporting 1G, 10G and 40G ports, including 12x 10GBASE-T ports, providing high-speed connectivity for modular embedded computing applications.

Article Content

VX3940 l Kontron

The VX3940 is a 3U VPX Fully Managed L2/L3, 1/10/40/50 Gigabit Ethernet Switch. It is designed in alignment with the SOSA™ Technical Standard, as well as being compatible to a wide range of

40G Enterprise Network Switches

FS 40G Ethernet Switches with high speed and port density give you cost-effective options to incrementally upgrade and have flexible bandwidth across the existing infrastructure in enterprise

VPX 40 Gigabit Ethernet L2/L3 Network Switch

VPX board with 40 Gigabit fully managed 3U VPX Layer2/3 Gigabit Ethernet switch for harsh environments, offering secure management interfaces and availability with VITA65 and SOSA profiles.

ComEth4582a

The ComEth4582a is a 3U VPX 10/40 Gigabit Ethernet switch, based on a new generation of multi-layer Ethernet matrix for high speed embedded interconnect applications requiring low-power 10G and

Vpx3 655 | Defense Solutions | Curtiss-Wright

The Curtiss-Wright VPX3-655 is a very versatile Ethernet switch supporting 1G, 10G and 40G ports, including 12x 10GBASE-T ports, providing high-speed connectivity for modular embedded computing

3U VPX 40G Ethernet Switch with Layer 2 Switching

The XChange3030 40G Ethernet Switch delivers full wire-speed across all of its ports, and supports jumbo packets up to 12 kB. It also supports IPv6, Energy Efficient Ethernet™ (EEE), and a

3U VPX 1/10/40 Gigabit Ethernet Switch

This managed 3U VPX layer 2/3 Ethernet Switch provides a high density of 1G/10G and 40G Gigabit Ethernet ports.

40Gb Data Centre Switches

FS 40GbE data centre switches with high speed & port density are best for data centre ToR or Spine-Leaf solution to handle demanding workloads in the core layer, which meet different needs of users

40Gb Ethernet Switches

FS 40Gb Switches offer high bandwidth, network virtualization, and redundancy, ensuring efficient deployment for campus core and distributed networks.

Disposer Accessories | InSinkErator Australia

InSinkErator® air switch bracket provides an easy and cheaper option to install the airswitch. No air switch hole cutout in your bench required. The bracket sits neatly under your sink cupboard. Can be

Dual Stack 40G Data Center Ethernet Switch

DG-CS4554FFv2 – Digisol Dual Stack 40G Data Center Ethernet Switch DG-CS4554FFv2 next-generation data center 40G switch has advanced hardware
