Australian Steel Cable Tray Manufacturer

Overview

We, the renowned Electrical Cable Trays Manufacturer and Supplier in Australia, use premium materials like galvanized steel, stainless steel, and fiberglass to manufacture our cable trays.

Key Takeaways

Leading Australian manufacturers of steel cable trays include EzyStrut, Burndy CSS, McArdent, Axelent, Brilltech, and Ferrotech Pacific, offering durable, customizable, and standards-compliant solutions. Key Manufacturers and OfferingsEzyStrut is one of Australia's most prominent cable tray manufacturers, producing a wide range of steel cable trays including ladder trays, solid-bottom trays, and wire mesh trays. Their products are suitable for commercial, industrial, and mining applications, and are available in pre-galvanized, hot-dip galvanized, and aluminium finishes.

Ezy

Strut also provides customized solutions for high-load or specialized installations, ensuring compliance with Australian standards and project-specific requirements.

Burndy CS

S (Cable Support Systems) specializes in cable trays designed for extreme conditions, such as high temperatures and corrosive environments. Their steel trays are ideal for oil and gas, mining, and power generation industries.

Burndy CS

S offers both standard and custom trays, emphasizing durability, flexibility, and ease of installation.

Mc

Ardent (Mc Steel Cable Management Solutions) provides a comprehensive range of steel cable management systems, including perforated, ladder, and wire mesh trays. Their products are available in hot-dip galvanized, pre-galvanized, stainless steel (SS304/SS316), aluminium, and powder-coated finishes. McArdent's systems are certified to UL, CE, CUL, and ISO 9001 standards, and they offer a 3-year product warranty.

Axelent focuses on innovative cable basket trays, offering flexible and space-efficient solutions for data centers, telecom installations, and commercial electrical systems. Their steel trays are designed for easy access and maintenance, ensuring long-term reliability. Brilltech manufactures a variety of steel cable trays for both commercial and industrial applications, emphasizing safe and efficient cable management.

Their products cater to diverse project requirements and environments. Ferrotech Pacific supplies steel cable trays and related support systems across Australia, providing solutions for industrial and commercial projects. Their offerings include standard and custom trays suitable for various installation conditions.

Considerations for Selection

When choosing a steel cable tray manufacturer in Australia, consider: Material quality: Pre-galvanized, hot-dip galvanized, stainless steel, or aluminium options. Product versatility: Ladder, solid-bottom, wire mesh, or basket trays. Customization: Ability to meet high-load, fire-rated, or unusual installation requirements.

Compliance: Adherence to Australian standards and certifications. Ease of installation: Lightweight, modular designs for quick assembly and maintenance. These manufacturers provide reliable, durable, and customizable steel cable tray solutions suitable for a wide range of industrial, commercial, and infrastructure projects in Australia.
