Barbados fiber optic cable installation

Overview

Barbados has become the first island in the Caribbean to be fully wired by fiber optics, said FLOW, the regional subsidiary of telecommunications giant Cable & Wireless as it completed its fibre to the home (FTTH) network rollout. Our team can integrate the use of Fiber Optics into any “Greenfield” or existing network, on small, medium or large enterprise projects both locally and internationally. One of our most recent project with our partner Flow Barbados was to construct and install the first ever 100% fiber-to-the-home. This qualification is aimed at persons employed in employees in developing knowledge and skills in fibre optic cable installation and telecommunications networking.
