Cable tray fixing clips and accessories

Overview

A functional cable tray system consists of various clamping, supporting, and splicing accessories in order to achieve the best possible system. Other add-ons include plastic nuts, bolts, swift clips, wire baskets, couplers, tees, crosses, and brackets. They offer an alternative to open wiring or electrical conduit systems and are necessary for cable management in commercial and industrial construction, as well as. Cable tray systems play a pivotal role in organizing and supporting cables, and their efficiency is further optimized with the use of high-quality accessories. These cable tray fittings and accessories are essential for the seamless installation of an integrated cable management. For ease of installation and accessibility, lay cable and hose in trays instead of pulling it through conduit or raceway. per foot (based on a tray support, such as hanging clamps or a. Direct fixing: gas guns and other direct fixing elements to quickly, easily and effectively anchor elements such as clamps or perforated tapes. Suitable for indoor or dry conditions use. Choose from hanging brackets, stand-off brackets, cable tray fish plates, and more. These fish plates give support across the base of a cable tray and are ideal for connecting.
