Cable tray usage scenarios in Sri Lanka

Overview

Cable Trays | Best Prices & Suppliers in Sri Lanka – Eastlink.lkBrowse Eastlink's full range of cable trays – engineered for safe, efficient, and organized.

Key Takeaways

Cable trays in Sri Lanka are widely available in various materials including PVC, steel, aluminum, and stainless steel, suitable for residential, commercial, and industrial applications. Types of Cable Trays AvailablePVC Cable Trays: Lightweight, flame-retardant, and ideal for indoor use. They are commonly used for home or office cable management and can be installed without drilling, making them convenient for under-desk or floor cable organization (Daraz.lk).

Metal Cable Trays: Include electro-galvanized, hot-dip galvanized, steel, aluzinc, and aluminum alloy options. These are engineered for durability, load-bearing capacity, and safe cable distribution in industrial and commercial environments (Eastlink.lk). Stainless Steel Cable Trays: Provide superior corrosion resistance and strength, making them suitable for critical network infrastructure or environments exposed to moisture or chemicals (Eastlink.lk).

Suppliers in Sri LankaEastlink.lk: Offers a wide range of cable trays and accessories, including metal and stainless steel options, designed for organized and safe cable management (Eastlink.lk). C & D International (Pvt) Limited: Provides various cable management systems, including cable trays suitable for different applications (C & D International). Gunarathne Electricals: Offers cable trays and related accessories, catering to both residential and commercial needs (Gunarathnelectricals.lk).

Daraz.lk: Online marketplace for PVC cable trays and smaller cable management solutions, convenient for home or office use (Daraz.lk).

Considerations for Selection

Material: Choose based on environment—PVC for indoor, dry areas; metal or stainless steel for industrial or corrosive environments. Load Capacity: Ensure the tray can support the weight of cables and accessories. Installation: Some trays allow easy installation without drilling, while others may require mounting hardware.

Corrosion Resistance: Stainless steel or coated metal trays are recommended for humid or outdoor conditions. Cable trays in Sri Lanka are readily available through both online and physical suppliers, offering a variety of materials and sizes to suit different installation requirements and budgets.
