Core Fiber Distribution Box

Overview

It integrates fiber splicing, splitting, distribution, storage, and cable connection into one unit, providing solid protection and efficient management for building reliable FTTX networks. Total Enclosed Structure: Ensures maximum protection. Fiber distribution box is suitable for the wiring connection of optical cable and optical communication equipment, through the adapter in the wiring box, the optical jumper leads the optical signal, and realizes the optical wiring function. Check each product page for other buying options. It is equipped with 12 SC adapters and can work in outdoor environments. How can I pay for my order?

We accespt T/T. Fiber Distribution Hub (FDH): FDH closures are used in fiber-to-the-home (FTTH) networks to distribute fiber optic connections to multiple households.
