The average price of galvanized steel cable trays varies widely depending on material, type, size, and surface finish: Steel trays: $10–$30 per meterAluminum trays: $20–$50 per meterPlastic trays: lower cost but not suitable for heavy loads Factors affecting price include galvanization type (hot-dip galvanized is more durable and slightly costlier), tray design (ladder trays are more expensive than perforated or solid trays), and additional coatings (powder-coated or pre-galvanized). Types and ConsiderationsLadder-type trays: Strong support, good airflow, higher costPerforated trays: Cost-effective, suitable for lighter cablesSolid-bottom trays: Maximum protection for sensitive cables Galvanized trays are durable, corrosion-resistant, and suitable for indoor and outdoor use, making them a cost-effective long-term investment despite higher initial costs.

Tips for Cost Management

Bulk purchasing can reduce per-meter costSelecting perforated trays instead of ladder trays can save up to 15%Comparing multiple suppliers ensures competitive pricingOrdering off-peak may provide better rates due to seasonal demand fluctuations. In summary, for immediate procurement in India, expect ₹74–₹90 per meter for standard galvanized iron cable trays, with prices varying based on design, material, and supplier.
