Distribution box manufacturer s ex-factory price

Overview

Distribution Box Price, 2026 Distribution Box Price Manufacturers. For distributors seeking cheap rates or custom enclosures, wholesale per-unit pricing.

Key Takeaways

Ex-factory prices for distribution boxes typically vary from $10 to $150 per unit, depending on specifications, customization, and order volume.

Price Range and Factors

The ex-factory price of a distribution box depends on several key factors: Specifications: Standard boxes are cheaper, while modular or IP-rated enclosures cost more due to enhanced protection and design complexity. Customization: OEM or ODM orders with specific dimensions, materials, or branding increase the unit price. Order Volume: Larger orders reduce the per-unit cost significantly, as manufacturers offer wholesale discounts.

Material and Components: Boxes with high-quality metals, plastics, or advanced DC components are priced higher. Typical ex-factory prices for standard distribution boxes range from $10 to $50 per unit, while customized or industrial-grade boxes can reach $100–$150 per unit.

Supplier Options

China hosts a wide range of distribution box manufacturers and suppliers, including: ZCEBOX: Offers competitive pricing and free samples for quality checking.

OOHMAG

E: Known for high-precision, industrial-grade boxes with OEM support.

Alibaba and Made-in-

China platforms: Provide access to multiple verified manufacturers with bulk pricing options.

Ordering Considerations

Lead Time: Standard stock items may ship quickly, but custom orders require longer production times.

MO

Q (Minimum Order Quantity): Many manufacturers set MOQs for wholesale pricing, often starting from 50–100 units. Shipping and Logistics: Ex-factory price does not include shipping, taxes, or import duties, which should be factored into total procurement costs. For accurate pricing, it is recommended to contact manufacturers directly with your specifications and order volume to receive a detailed ex-factory quote.
