Distribution Box Protection Manufacturer Spain

Overview

Find Economical Suppliers of Protection Box: 18 Manufacturers in Spain based on Export data till Sep-25: Pricing, Qty, Buyers & Contacts.

Key Takeaways

Spain hosts several leading manufacturers of distribution boxes and protective enclosures, including IDE Electric, Safybox Uriarte, Atex Delvalle, and Masterled, offering solutions for industrial, photovoltaic, and hazardous environments. Key ManufacturersIDE Electric specializes in metal and combination cabinets for electrical distribution, control gear, and automation systems. Their products are made from high-quality cold-rolled steel and halogen-free plastics, with protection ratings ranging from IP44 to IP67.

ID

E Electric offers fully customizable solutions, including wired bases and a wide range of accessories for industrial installations. Safybox Uriarte manufactures fiberglass reinforced polyester (FRP) enclosures suitable for electrical, photovoltaic, railway, telecommunications, water, and gas sectors. Their products are corrosion-resistant, durable, and certified in over 70 countries.

Safybox emphasizes customization, rapid manufacturing, and compliance with industrial safety standards, making them ideal for harsh environments. Atex Delvalle focuses on explosion-protected and stainless steel enclosures (AISI 304L and 316L) for hazardous areas. They produce custom local control stations, distribution boxes, and terminal enclosures with worldwide certifications, suitable for extreme temperatures and outdoor conditions.

Their DV

T series and Terbox series offer configurable GRP and stainless steel solutions for ATEX and IECEx applications. Masterled provides surface or recessed distribution boxes for protection elements, differentials, and magnetothermics. They also offer IP68/IP69 manhole and bypass boxes for water-protected installations, suitable for both residential and industrial applications.

Additional Resources

For a broader selection, the Europages B2B directory lists 29 Spanish suppliers of distribution boxes and electrical installation products, allowing direct contact with manufacturers and wholesalers for customized solutions.

Considerations for Selection

Material: Choose between metal, fiberglass, or stainless steel depending on environmental conditions and corrosion resistance requirements. Protection Rating: IP44–IP67 for general industrial use; IP68/IP69 for water-resistant applications. Customization: Many manufacturers offer tailored solutions for size, wiring, and accessory integration.

Certifications: Ensure compliance with local and international standards, especially for hazardous or outdoor installations. These manufacturers provide a wide range of options for industrial, commercial, and specialized applications, ensuring both safety and operational efficiency.
