Egyptian Overhead Cap Junction Box Manufacturer

Overview

AETRONIX EGYPT | junction-boxesAn e-commerce site of Arab Engineers Co. Ltd., the leading distributor of Electronics, Electrical, Test & Measurement, Tools.

Key Takeaways

Wenzhou Huaya Electric, Nara Modern Industries, and AETRONIX are key manufacturers and suppliers of overhead cap junction boxes in Egypt. Key Manufacturers and Suppliers1. Wenzhou Huaya Electric Co., Ltd.

Huaya Electric operates a modern production facility in Egypt, offering a wide range of junction boxes including UV-resistant and weather-resistant models suitable for harsh environments like Sharm El Sheikh and Hurghada. They provide high-capacity 3-gang and 4-gang boxes for industrial wiring and standardized PVC boxes for large residential projects. Their products are ISO9001, UL, and ETL certified, ensuring quality and compliance with international standards.

They also offer OEM customization for specific installation needs. 2. Nara Modern Industries Nara has been active in the Egyptian market for nearly fifty years, supplying durable and secure junction boxes for both governmental and private sectors.

Their products include connectors, clamps, and enclosures designed to protect electrical wiring from environmental elements and accidental contact, making them suitable for overhead installations. 3.

AETRONIX Egypt AETRONI

X, part of Arab Engineers Co. Ltd., distributes a variety of electrical enclosures and junction boxes across Egypt and Saudi Arabia. Their catalog includes overhead cap junction boxes suitable for residential, commercial, and industrial applications.

Additional Suppliers and ResourcesRS Egypt offers a range of junction boxes and accessories, including enclosures designed to withstand temperatures from -20°C to +40°C, suitable for overhead installations. Kompass Business Directory lists multiple Egyptian companies involved in manufacturing, importing, and distributing junction boxes, providing a resource for B2B contacts and procurement.

Considerations for Selection

When choosing an overhead cap junction box manufacturer in Egypt, consider: Material and weather resistance for outdoor or high-temperature environments. Certifications such as ISO9001, UL, and ETL for quality assurance. Customization options for specific installation requirements.

Capacity and size to accommodate industrial or residential wiring needs. These manufacturers and suppliers provide reliable options for contractors, developers, and wholesalers seeking high-quality junction boxes for projects across Egypt, including New Cairo, Obour City, the Delta region, and industrial zones like the Suez Canal Economic Zone.
