EU Micro-module Data Center Manufacturer

Overview

We specialise in rapid delivery of Data Centre modular on-site and off-site construction fit out solutions, on some of Europe''s largest and most complex hi-tech projects.

Article Content

Top 10: Modular Data Centre Companies | Data Centre

Here we highlight the top 10 companies leading the modular data centre revolution, ranked by market leadership, innovation, global scale and

Modubuild | Data Centre Construction and Data Centre Fit Out

We specialise in rapid delivery of Data Centre modular on-site and off-site construction fit out solutions, on some of Europe''s largest and most complex hi-tech projects.

About ModulEdge | European Modular Data Center Manufacturer

Founded in 2015, ModulEdge brings together engineers and data-center specialists with a decade of hands-on modular build experience across Europe, MENA, and Central Asia. Our approach was

Prefabricated modular solutions

© 2026 EXF OPTICAL NETWORKS - All rights reserved

Modular data centers assure scalability for future expansions, embody repeatable designs, and exhibit superior quality via factory control. This simplified assembly

EcoStruxure™ Modular Data Centre

Transforming data centre design and construction, modular data centres conquer space challenges and support quick scaling in industrial environments.

Stulz: Modular data center Stulz Modular

A STULZ Modular data center is a modular or containerised, prefabricated data center. It is built in a STULZ or an authorised factory and arrives to a customer site fully tested and ready to be deployed.

MDC| Prefabricated Data Center

Available in five IT load configurations from 18 to 90kW, this modular data center supports fast rollout, high reliability, and seamless integration—ideal for large

Micro and Modular Data Center Construction

From single rack to multiple data modules, we can design and deploy a wide range of prefab data center modules tailored to specific needs, ensuring scalability,

Micro Data Center

Delta''s modular datacenter solution offers a datacenter environment that provides safe equipment operations within the racks, and supports the development and

Reinventing the edge: Siemens, Cadolto and Legrand

Siemens Smart Infrastructure, Cadolto Datacenter GmbH (Munich, Germany), and Legrand Data Center Solutions (Baiersdorf, Germany) are jointly

Demand for prefabricated modular and micro data

New Omdia research reveals that the market for prefabricated modular and micro data centers will reach $11.7bn by 2027, with growth fueled

Home | Hamamatsu Photonics

The official website of Hamamatsu Corporation whose mission is to advance science and industry through photonic technologies. Our products include optical sensors

Siemens home | Siemens

Siemens: A global technology leader driving innovation in industry, infrastructure and mobility through digital transformation.

MDC | Compact Micro Data Center

© 2026 EXF OPTICAL NETWORKS - All rights reserved

A micro data center is a compact, self-contained infrastructure solution that integrates compute resources, storage, power distribution, cooling systems, and

EcoStruxure™ Modular Data Center | Schneider Electric

Transforming data center design and construction, modular data centers conquer space challenges and support quick scaling in industrial environments.

Modular Data Centers: When They Work, and When

Modular data centers offer fresh opportunities for the industry, but that doesn''t mean they are right for every occasion.

Modular micro datacenter

Find your modular micro datacenter easily amongst the 4 products from the leading brands (KSTAR, RITTAL, EverExceed, ...) on DirectIndustry, the industry

Micro datacenter

Find your micro datacenter easily amongst the 9 products from the leading brands (ECUS, KSTAR, RITTAL, ...) on DirectIndustry, the industry specialist for your
