Fiber Optic Cable Box Digital Model

Overview

Find 237491 fiber optic box 3D models for 3D printing, CNC and design. All of it fits inside the box, with optical fibers threaded through the long tube to the Arduino and photo-resistor setup. This 3D model showcases a compact, aesthetically pleasing, and functional fiber optic subscriber box designed for modern telecommunication installations. The model has material settings that define how surfaces look (color, shine, transparency, etc. Indicates whether the designer marked. Our newly redesigned fiber termination enclosures introduce new features to a well-established product line, making them easier to work with and more aesthetically pleasing while maintaining the ruggedness expected from Optical Cable Corporation. There are different sizes available.
