3. Homebase Ventures Ltd. Homebase Ventures offers a broad catalog of electrical supplies, including various types of cable trays.

They are known for providing accessible product listings and supporting procurement for both commercial and residential projects in Ghana.

Product Types Available

Ladder Cable Tray: Ideal for heavy-duty cabling and industrial applications. Perforated Cable Tray: Provides ventilation and reduces heat buildup for electrical cables.

PV

C Cable Tray: Corrosion-resistant and suitable for outdoor or humid environments. Mild Steel and Stainless Steel Trays: Durable options for long-term installations. Raceways and Trunking: For organized cable routing in commercial and industrial setups.

Considerations for Installation

When selecting a manufacturer for cable tray installation in Ghana, consider: Customization capabilities to match project specifications. Material quality for durability and safety. Delivery and after-sales support to ensure smooth installation and maintenance.

Compliance with local electrical standards for safety and reliability. For inquiries, you can contact Brilltech Engineers or Cable House directly through their websites to discuss your project requirements and obtain quotations.
