How much does a fiber optic terminal box fiber optic cable cost

Overview

Amazon.com: Fiber Termination BoxFiber Optic Wall Mount Box with LC Couplers for Single Mode & Multimode Fiber Optic Cable. | Fiber Box Enclosure for MPOE'.

Key Takeaways

Installing fiber optic cable into a terminal box typically costs between $1 and $6 per foot for the cable, plus $15 to $200 for the termination box, depending on specifications and installation complexity.

Fiber Optic Cable Costs

The price of fiber optic cable varies based on type, strand count, and installation environment. Single-mode fiber generally costs $0. 09 to $1.

52 per foot, while multimode fiber ranges from $1. 50 to $6 per foot for retail purchases. Higher strand counts, armored cables, or specialized jackets (like LSZH or plenum-rated) increase the cost.

Pre-terminated cables are more expensive upfront but can reduce labor costs significantly. For short indoor runs, the cable cost is usually on the lower end of this range.

Fiber Optic Termination Box Costs

A fiber optic termination box serves as the junction point for fiber connections. Prices vary widely depending on material, capacity, and features: Small indoor plastic boxes: $15–$25Medium boxes with splice trays or adapters: $40–$60Large outdoor or industrial-grade metal boxes: $50–$200 Factors affecting cost include the number of ports, material durability (plastic vs. metal), weatherproofing, and pre-installed adapters or trays.

Installation Considerations

Labor and installation complexity can significantly affect total costs. Short indoor runs with standard single-mode fiber are less expensive, while outdoor installations requiring trenching, conduit, or weatherproofing increase costs. Bundling services and using standard components can help reduce expenses.

Summary

For a typical installation of fiber optic cable into a terminal box: Cable: $0. 09–$6 per foot depending on type and strand countTermination box: $15–$200 depending on size, material, and featuresLabor/installation: Additional, varies by environment and complexity By selecting the appropriate cable type and box for your network needs, you can balance cost and performance effectively.
