How much does a mobile vertical junction box cost approximately

Overview

Junction box costs range from low-price indoor models ($10-$60) to weatherproof units ($70-$450), with installation averaging $100-$300 depending on location and materials. The final price depends not only on the box itself, but also on. While plastic boxes offer the lowest junction box price, metal or weatherproof models may save money long-term by reducing maintenance, fire risk, and replacement costs in demanding applications. Electrical junction boxes are essential components in any wiring system, serving as protective. Junction box installation costs $100 to $300 for parts and labor, depending on the installation location, accessibility, and the electrical box size, material, and indoor or outdoor rating. Plastic junction boxes for indoor wiring cost 50% to 80% less than metal boxes but aren't as durable. Junction boxes are available in various IP ratings, such as IP20, IP2X, IP40, IP44, IP54, IP55, IP65, IP66, IP67, and IP68. Metal boxes are generally more expensive than plastic ones.
