Huawei Enterprise Network Access Layer Switch

Overview

The S3700 series enterprise switches (S3700s) are next-generation energy-saving Layer 3 switches. The S3700 utilizes cutting-edge hardware and Huawei Versatile Routing Platform (VRP) software to provide high-performance access and aggregation to an enterprise campus network. Huawei's comprehensive portfolio of products and solutions enables you to realize smooth digital transformation and rapid growth of virtualization, Big Data, and cloud services. This allows you to migrate workloads in data centers or private clouds to the cloud without changing subnets and IP addresses. These built-in protections create secure networking environments, effectively safeguarding your sensitive data from potential cyber threats. With advanced. The S6700 provides multiple security measures to defend against Denial of Service (DoS) attacks, as well as attacks against networks or users. Attacks to networks refer to STP BPDU/root attacks.

Enterprise Switch-HUAWEI CLOUD

Enterprise switches enable communications between cloud and on-premises networks at Layer 2. This allows you to migrate workloads in data centers or

Huawei Ethernet Switch & Network Switches Solutions

Thunder link offers various models of Huawei Ethernet switches and network switches, including the S5720, S6720, S6730, CE6800 and CE12800, designed

Huawei Ethernet Switches

For data centers and high-end campus networks, the Huawei''s CE Ethernet switches power the world''s biggest carrier networks and data centers. Help you build and maintain resilient, secure, and

Huawei S5735-L Series Switches: The Ultimate Guide for Enterprise ...

The Huawei CloudEngine S5735-L series represents a new generation of simplified Gigabit Ethernet switches designed specifically for enterprise campus network access and “Gigabit to the Desktop”

Huawei S6700 Series Switches Product Brochure

The S6700 can function as an access switch in an Internet data center (IDC) or a core switch on a campus network. The S6700 has industry-leading performance and provides up to 24 or 48 line

S3700 Series Enterprise Switches

The S3700 series enterprise switches (S3700s) are next-generation energy-saving Layer 3 switches. The S3700 utilizes cutting-edge hardware and Huawei Versatile Routing Platform (VRP) software to

#huawei #networkswitching #campusnetwork #enterprisenetworking

⚡ Huawei S6750-H48Y8C — High-Speed Switching for Campus Core and Aggregation Networks As enterprise networks carry more cloud applications, wireless traffic, video, and data-intensive services ...

Why Is the Huawei L3 Switch Your Network''s Missing Link? Can

Enter the Huawei L3 Switch, a device that goes beyond basic data routing to become the brain of your network. Layer 3 switches aren''t just about moving packets—they''re about ...

Huawei S5735-S 24GE 10GE Switch Singapore

© 2026 EXF OPTICAL NETWORKS - All rights reserved

The Huawei S5735-S24T4X is a high-performance enterprise switch featuring 24 Gigabit RJ45 ports and 4x10GE SFP+ uplinks. Designed for scalable business and campus networks in Singapore, it

Huawei S5735S 48-Port PoE+ Switch Singapore

The Huawei S5735S-L48P4S-A is a high-density enterprise PoE+ switch featuring 48 Gigabit Ethernet ports and 4x10GE SFP+ uplinks. Designed for enterprise distribution and access networks in

Huawei S5735 8GE 4SFP Gigabit Managed Switch SG LAN

The Huawei S5735 series switch delivers reliable performance for enterprise access and aggregation networks. The S5735-L8T4S-QA1 model combines 8 x 10/100/1000Base-T ports with 4 x Gigabit

SFP vs SFP+ vs QSFP28 vs QSFP-DD: 2026 Optical

SFP vs SFP+ vs QSFP28 vs QSFP-DD: Master optical transceiver selection for 1G to 800G AI networks with our lab-verified guide.

Huawei CloudEngine S5735-L-Q-V2 Series Switches Datasheet

Huawei CloudEngine S5735-L-Q-V2 Series Switches Datasheet Huawei CloudEngine S5735-L-Q-V2 series are simplified gigabit Ethernet switches that provide 8/14/16/24 x GE downlink

H3C S5170 Series Switches: Dependable Fiber Access for Modern ...

H3C S5170 Campus Access Switches Enterprise & Campus Access Networks: Evolving Toward 2026 As organizations plan their networks for 2026, priorities at the access layer continue to evolve. While

Huawei SFP Module Review for Enterprise Use

Huawei SFP modules are commonly deployed across campus switching, enterprise access layers, aggregation links, and service provider edge environments. The range includes standard 1G

Verified Supplier Huawei 48 port Switch Layer 3 Managed Switch ...

Huawei 48 port switch S5735-l48pn4xe-a-v2, ideal for network expansion, supports 24 port Ethernet switch with low price starting from $100. Available in bulk for wholesale.

Document Center of Enterprise Products

Huawei offers a wide range of products documents and networking solutions designed for enterprises, customers, partners and community users.
