Industrial-grade optical switch with remote monitoring function

Overview

Find the perfect connection for every industrial application – from the automotive and chemical industries to the manufacturing and process industries.

Key Takeaways

Industrial optical switches with remote monitoring typically range from $1,000 to $5,000 depending on ports, redundancy, and management features. Key Models and Features1.

O

T Systems IES82162MH-S-RPType: Managed/Lite-Managed Optical Ethernet SwitchPorts: 16 SFP + 8 copper + 4 combo SFP/TXRedundancy: Dual AC power inputs, rapid self-recovery (

Fiber optics network switch, Fiber optics ethernet switch

Find your fiber optics network switch easily amongst the 121 products from the leading brands (Advantech, Winmate, YOKOGAWA, ...) on DirectIndustry, the

Optical switch

Find your optical switch easily amongst the 19 products from the leading brands (Lumibird, Liebherr, STAHL, ...) on DirectIndustry, the industry specialist for your

SCALANCE

Find the perfect connection for every industrial application – from the automotive and chemical industries to the manufacturing and process industries. These solutions

IES82162XMH-S-RP

We provide a full line of EtherXtra multi-channel Ethernet over coax (EoC) and Ethernet over UTP (Cat5) extenders, PoE media converters, IGMP multicasting industrial Ethernet switches for IP video

RS PRO 2727659 Managed Industrial PoE Switch Dual

It supports DI/DO/RS485 data and robust layer 2 management function, which can fulfil the special needs of industrial automation applications.

Optical Switches

We provide a full line of EtherXtra multi-channel Ethernet over coax (EoC) and Ethernet over UTP (Cat5) extenders, PoE media converters, IGMP multicasting industrial Ethernet switches for IP video

Managed Network Switches | Industrial Managed Switches

Managed switches provide the tools necessary for configuring and monitoring traffic on a Local Area Network (LAN). They also allow for seamless communication between Ethernet and Fiber Optic

Managed Fiber Optic Switch

The F-OS optical switch is used for system redundancy and backup. With the use of an optical switch, a redundant signal can be routed to an active path in the event of a fault.

Industrial Fiber Optic Ethernet Switches | SFP, Single-Mode

© 2026 EXF OPTICAL NETWORKS - All rights reserved

Explore industrial fiber optic Ethernet switches from a direct manufacturer. SFP, single-mode and multimode fiber switches available in unmanaged and managed designs.
