Ireland Terminal Box 4-core

Overview

This compact FTTH termination box features 4 adapter ports compatible with SC/APC connectors, supporting up to 4-core splicing and termination. The small and lightweight ftth terminal box is ideal for mini network termination, enabling reliable connection between drop cables and ONT (Optical Network Terminal). Outdoor FTTH connection box with Allen key lock, gray color, made of ABS material and is used for connecting/terminating up to 8 fibers and storage of 4 optical connectors thanks to the integrated optical cassette. The box can be attached to the wall without any problems thanks to the handles on. The 4 port fiber wall plate box is surface mount termination enclosure designed to provide a reliable and efficient fiber termination solution for indoor fiber-to-the-home applications. It serves as an indoor fiber outlet, connecting drop cables to end-user devices and ensuring stable, high-speed. We manufacture high quality products according to European and US standards. How can we efficiently deploy last-mile fiber access terminals that minimize installation complexity while.
