Italian optical cable manufacturer

Overview

Discover all relevant Fiber Optic Cable Manufacturing Companies in Italy, including Fenice Telekom Grupa d.o.o.

Key Takeaways

Italy hosts several leading optical cable suppliers, including Tratos, Cavicel, CPE Italia, Ecotech, and Opticel, offering a wide range of fiber optic solutions for telecommunications and broadband applications.

Key Suppliers

Tratos Group is an experienced international manufacturer supplying optical fiber cables to Telecom Italia since 1982. They produce Step Index single-mode and Graded Index multimode cables, ranging from 1 to over 2,000 fibers, in loose tube, ribbon, slotted ribbon, and hybrid copper-fiber formats. Their products support underground, aerial, and indoor installations, including FTTH applications, with a focus on durability and ease of installation.

Cavicel S.p. A. specializes in the design and production of fiber optic cables for diverse applications. They maintain a global presence, ensuring high-quality optical cables are installed in over 50 countries.

Cavicel offers a complete range of optical cables suitable for telecommunications, broadband, and industrial projects.

E Italia focuses on fiber optic interconnection solutions and infrastructure network development. They provide engineering services for telecommunications projects, including broadband and fiber optic network support, with a production capacity of several thousand cables per year. Ecotech (via Ecotel) supplies optical cables for both indoor and outdoor use, including multi-fiber loose tube cables with up to 432 fibers.

Their products comply with Telecom Italia standards and are designed for FTTH installations, mini-pipes, and low-smoke, flame-retardant sheaths for safe indoor deployment. Opticel produces SMPTE fiber optic cables for high-definition video transmission and participates in industry events to maintain technological leadership. They provide advanced engineering solutions for specialized applications.

Additional Suppliers

Other notable Italian suppliers include SELSOR, B3 International, Fibermind (Gruppo Maticmind), TECNIKABEL, and OFS, all offering a variety of optical fiber cables, connectivity systems, and engineering support for telecommunications and civil infrastructure projects.

Applications

Italian optical cables are used in: FTTH (Fiber to the Home) deploymentsUnderground and duct installationsAerial drop and self-supporting cablesIndoor distribution and structured cablingHigh-definition video and industrial communications These suppliers emphasize quality, compliance with safety standards, and innovative solutions to support broadband expansion and reliable telecommunications networks in Italy and internationally.
