Large Span Cable Tray Quotation Company

Overview

Large span cable trays for power plants, tunnels, and industrial projects. Durable, corrosion-resistant, and customizable. Manufacturer & exporter.

Key Takeaways

Several manufacturers provide heavy-duty large span cable trays with options for free quotations, including Canhope Steel, OBO, Trayco, Unitrunk, and Aitken's Cable. Recommended Companies for Large Span Cable Trays1. Canhope Steel Canhope Steel specializes in strong, durable large span cable trays suitable for industrial and commercial applications such as power plants, tunnels, and petrochemical projects.

Their trays are made from high-strength galvanized steel or stainless steel, offering excellent load-bearing capacity and corrosion resistance. They provide ladder type, perforated, and solid bottom designs with modular construction for easy installation. Customers can request a free quote via form or WhatsApp, typically receiving specifications and pricing within 24 hours.

2.

OBO OB

O offers wide span cable trays designed for industrial installations. Their products focus on robust support systems for heavy cable loads over long distances. While specific quotation procedures are not detailed online, OBO provides technical documentation and product information for project planning.

3. Trayco Trayco manufactures large span steel cable trays with Sendzimir galvanized steel (Z275), providing corrosion protection and durability. They offer custom coatings and RAL color options on request.

Technical documentation is available at the manufacturer, and quotations can typically be obtained by contacting their sales team. 4. Unitrunk Unitrunk's heavy-duty cable trays feature the patented UniKlip® system for faster installation.

They offer pre-galvanized and powder-coated finishes and provide detailed product catalogues. Pricing and quotations are available through direct contact with their sales representatives. 5.

Aitken's Cable Aitken's Cable Tray Systems are manufactured in Scotland with flexible CAD/CAM/CNC production. Their System H (Heavy Duty) trays are suitable for large industrial installations, made from pre-coated galvanized steel (Z275). They provide a full range of fittings and accessories, and quotations can be requested directly from their sales team.

Tips for Requesting a QuotationProvide project details: span length, cable load, environment (indoor/outdoor, corrosive conditions). Specify material preference: galvanized steel, stainless steel, or powder-coated. Request technical documentation: load ratings, dimensions, and installation guidelines.

Compare multiple suppliers: to ensure competitive pricing and delivery timelines. These companies offer customizable, durable, and corrosion-resistant large span cable trays suitable for heavy-duty industrial projects, and all provide avenues to request quotations for your specific project needs.
