Lc fiber optic patch cord dual fiber 10 meters

Overview

This 10 meter (~33 feet) fiber optic cable is terminated with LC (Lucent Connector) connectors on both ends. Support Higher Bandwidths in Data Networks with OM5 Multimode 50/125 Fiber Patch Cable As the amount of traffic in data networks grows, so does the need for next generation devices. This multimode fiber cable adopts fiber America Kevlar Aramid Yarn, higher tensile strength. 0mm cable diameter provide maximum protection. It is an OM2 multimode fiber (50 micron core) designed for fast Ethernet, fiber channel, gigabit Ethernet, data center, ATM and other data applications. Perfect for home labs, enterprise networking, and. Space saving, small form factor (sff), 1. OM1 LC LC In/Outdoor. LogiLink's ultra-thin patch cables require significantly less space than conventional patch. This is especially advantageous when space is at a premium.
