Low loss Saudi Arabian FC adapter

Overview

FC Adapter | Precision Threaded Fiber InterfaceThe FC adapter provides a stable, low-loss connection interface for FC connectors using a threaded coupling.

Key Takeaways

FC fiber optic adapters with ceramic alignment sleeves and threaded locking provide stable, low-loss connections suitable for telecom and industrial applications in Saudi Arabia.

Key Features

Low Insertion Loss: Single-mode adapters typically ≤ 0. 3 dB, multimode ≤ 0. 5 dB, ensuring minimal signal degradation during transmission.

High Return Loss: PC ≥ 45 dB, UPC ≥ 50 dB, APC ≥ 65 dB, which reduces back reflections and improves signal quality. Threaded Locking Mechanism: Provides secure, vibration-resistant connections, ideal for industrial and telecom environments. Ceramic Alignment Sleeve: Ensures precise optical alignment between ferrules, supporting single-mode, multimode, PM, and PZ fiber types.

Durability: Designed for over 1,000 mating cycles and corrosion-resistant metal housing, suitable for repeated use in high-performance networks. Standards Compliance: Conforms to IEC 61754-13 and CECC 86 115-801, ensuring compatibility with international fiber optic systems.

Applications

Telecom Networks: SDH, DWDM, and CATV systems. Industrial Control: Reliable fiber connections in harsh environments. Data Centers and Labs: High-precision, low-loss connections for testing and measurement setups.

Availability in Saudi Arabia

Several suppliers provide FC adapters suitable for Saudi Arabian users: Diamond SA offers high-precision FC adapters with ceramic sleeves and threaded coupling for low-loss connections.

DH

X Fiber provides FC adapters with low insertion loss, high return loss, and durable construction, compatible with single-mode and multimode fibers.

AF

L Hyperscale supplies FC adapters with precision alignment sleeves and metal housing, suitable for industrial and telecom applications. These adapters can be purchased online or through local distributors in Riyadh, Jeddah, and other regions, ensuring fast delivery and support for Saudi Arabian customers.

Recommendation

For high-performance, low-loss FC connections in Saudi Arabia, choose adapters with ceramic alignment sleeves, threaded locking, and compliance with IEC standards. Single-mode applications benefit from ≤ 0. 3 dB insertion loss, while multimode connections typically achieve ≤ 0.

5 dB. Ensure the supplier provides local shipping or regional support for convenience and reliability.

FC Adapter | Precision Threaded Fiber Interface

The FC adapter provides a stable, low-loss connection interface for FC connectors using a threaded coupling mechanism that ensures consistent mechanical and

Bare Fiber Optic Adapter FC Connector Low Insertion Loss for ...

[Efficient Bare Fiber Adapter] Connect bare fiber to optic device effectively, ensuring low insertion loss and high efficiency. [Advanced Zirconia Sleeve] Features high temperature, acid and alkali for

FC Fiber Optic Adapter – Secure, Low-Loss Connection

© 2026 EXF OPTICAL NETWORKS - All rights reserved

The FC fiber optic adapter provides secure, low-loss connections with threaded locking, ideal for telecom, CATV, and industrial applications. Compatible with single-mode and multimode fibers.

Fc Male To Lc Female Hybrid Fiber Optic Adapter Reusable High

Crafted with high-precision components, this reusable adapter guarantees superior alignment of fiber cores, which minimizes insertion loss and maximizes signal integrity for stable data transmission.

FC Fibre Optic Adaptor Manufacturer & Supplier in Saudi Arabia

Buy FC Fibre Optic Adaptor at the best price from Norden Communication, one of the leading manufacturers and suppliers of FC Fibre Optic Adaptor in Saudi Arabia.

HOFEESEA 2 pcs Visual Fault Locator Adapter, FC Male to LC ...

The FC to LC Adapter has a sleeve with high-precision zirconia ceramic ferrule, providing high dimensional accuracy. The Low Insertion Loss and High Stability escort your network equipment.

15PC Visual Fault Locator Fiber Adapter, Fiber Optic Connector,

Low Loss: The FC to LC Adapter has a sleeve with Zirconia ceramics, provides high dimensional accuracy, reduces insertion loss, and prevents ESD damage Burning.

Top quality fiber-adaptor Supplier in Riyadh,KSA |Azra

Azra IT Systems is a leading supplier & distributor of fiber-adaptor in Riyadh, Dammam, and all across the Saudi Arabia. Contact us for best prices.

Lc Fiber Optic Adapters Market in Saudi Arabia | Report

Finally, the growing adoption of artificial intelligence and high-performance computing in Saudi data centers will drive demand for low-loss, high-performance adapters that support 400G and 800G

FIBRE ATTENUATORS Manufacturer & Supplier in Saudi Arabia

Built for precision and consistency, they deliver stable fixed attenuation with low insertion loss, minimal polarization dependent loss (PDL), and high return loss.

Saudi Arabia Plug Type, Voltage, and Travel Adapter Guide

This Saudi Arabia plug type voltage guide focuses on the practical checks travelers should make before connecting electronics abroad. Use the Saudi Arabia plug type voltage checklist to

Saudi Arabia Electrical Plug Type: The Right Power Adapter for Your ...
