Mali Optical Cable Junction Box 24 Cores

Overview

The 24 ports optical fiber cable distribution box is capable of housing 24 sc or 12 lc duplex adapters, supporting max 24 cores termination. It can accommodate two incoming cables and 24 drop cable, and we can use this box to give protection for the fiber cable in indoor and outdoor. There are several types of a 24 core cable junction box. These factors include the environment where the product will be used and the specific purpose. This type is meant to distribute power to various locations and. Fiber Optic Wall Mount Box with LC Couplers for Single Mode & Multimode Fiber Optic Cable. | Fiber Box Enclosure for MPOE's, Network Rooms, and IDF Rooms. Made from imported PPR reinforced plastics, the box offers high strength, corrosion. This box is used as a termination point for the feeder cable to connect with drop cable in FTTx communication network system.
