Mesh Cable Trays in Norway

Overview

The Norway Wire Mesh Cable Tray Market is likely to grow at a CAGR of 3. 98% during the forecast period of 2024 to 2032. In 2024, Direct segment dominated the market with the largest market. Cable trays are a type of cable management system used to support and organize electrical cables and wires in commercial, industrial, and residential settings. Our expertise and experience have allowed us to accumulate valuable technical knowledge, which is reflected in the quality of our products. Furthermore, we have one of the largest production capacities in Europe. Oglaend System was founded in 1977 in Sandnes, Norway. From the very beginning our goal has been to become the leading supplier of multidiscipline support systems, cable trays and cable ladders world-wide.
