Monaco Temperature-Controlled Waterproof Server Rack

Overview

Premium HVAC outdoor telecom enclosures with NEMA 4/4X ratings for extreme environments. Our temperature-controlled electrical cabinets feature weatherproof, waterproof designs for 19" server racks, fiber distribution & cell tower equipment. These advanced enclosures are specifically engineered to protect sensitive network systems operating in extreme weather and industrial. NEMACO™ server rack enclosures are purpose-built for 19-inch IT and network equipment, combining the mounting precision and cable management demands of data infrastructure with the environmental protection required for outdoor and edge computing deployments. American made and available in multiple. NEMA 12 enclosures are constructed for indoor use and provide a degree of protection to internal equipment against circulating dust, falling dirt, lint, and fibers. Built to NEMA 4X from stainless steel, Armagard's Waterproof Rack Mount Cabinet can safely house conventional rack-mountable equipment up to a maximum capacity of 18U.
