Opge junction box

Overview

Flush-mounted one-gang boxes and junction boxes for any masonry application. A combination entry allows for custom-fit and firm seating for conduits as well as sufficient space for connecting cables. Suitable for installation solutions on insulated exterior façades (WDVS). They are ideal for fast, effective complete wiring in the following areas, among others: The portfolio of OBO connectable junction boxes includes a total of around 20 different connectable. Pepperl+Fuchs offers a comprehensive range of terminal boxes and junction boxes in types of protection Ex e (increased safety), Ex ia (intrinsic safety), Ex tb (dust protection by enclosure), and Ex op pr (protected optical radiation). They are certified in accordance with international explosion. Within the EU, the ATEX directive, which determines the safe operation of plants and systems in potentially explosive atmospheres, is effective for this purpose.
