Price of Distribution Box Clamps

Overview

Where these charges should be part of the total price, they are included in the quote. The price given is a non-binding recommended retail price (RRP), which is the nVent list price.

Key Takeaways

Distribution box clamps typically range from a few dollars per piece to higher prices depending on type, material, and supplier.

Pricing Overviewn

Vent Schroff Terminal Clamps: Prices are listed per piece as a recommended retail price (RRP) and do not include VAT, packaging, or freight charges. Final prices may vary depending on local distributors and additional modifications may increase costs. Amazon (Jadeshay Junction Terminal DIN Rail Clamps): These clamps are sold with VAT included, and prices vary by seller and delivery location.

They are designed for distribution boxes and DIN rail installation, with features like copper terminals and flame-retardant cases. McMaster-Carr Electrical Box Clamps: Prices vary by size and style. These clamps provide superior pull-out resistance and strain relief for building cables, with IP68 and IP69K ratings for water protection.

CPC U

K and Felder Group: Both suppliers offer competitive pricing for box clamps, with options to check stock and order online. Prices depend on the specific clamp type and size.

Factors Affecting Price

Material: Copper or high-conductivity terminals are more expensive than standard metal or plastic clamps. Size and Capacity: Larger clamps for higher amperage or multiple cables cost more. Certifications and Ratings: IP ratings, flame retardancy, and temperature resistance can increase the price.

Supplier and Location: Prices vary by distributor, shipping, and local taxes. For accurate pricing, it is recommended to request a quote from local distributors or check online stores like Amazon, McMaster-Carr, CPC UK, or Felder Group, specifying the exact clamp type and quantity needed.
