Price of French-style cable mesh trays

Overview

Buy all types of grid trays from Interflex and Aiscan at the best price. Available in a wide range of sizes and installation accessories.

Key Takeaways

Custom-made French mesh cable trays typically range from €0. 80 to €76 per unit depending on size, material, and order volume, with stainless steel options offering durability and corrosion resistance. Overview of PricingB2C Retail Prices: Individual units of mesh cable trays are generally priced between €15 and €34, suitable for small-scale installations or office setups.

B2

B Bulk Prices: For larger orders, prices can range from €0. 80 to over €76 per unit, depending on tray dimensions, stainless steel grade (304 or 316), and customization requirements. Custom Fabrication: French manufacturers like Valdinox and suppliers such as JLH Electric offer custom sizes, lengths, and wire diameters, which can affect pricing.

Custom trays are designed for specific cable routing needs, including curves, slopes, and tees.

Material and Specifications

Stainless Steel Grades: 304 and 316 stainless steel are commonly used, providing excellent corrosion resistance for indoor and outdoor installations. Dimensions: Widths typically range from 200 mm to 500 mm, heights from 50 mm to 200 mm, and lengths from 300 mm to 3000 mm. Wire diameters usually range from 3.

5 mm to 6 mm. Design Features: Open mesh design allows ventilation, reduces heat buildup, and prevents cable damage. Optional covers and flexible mounting options are available for enhanced protection and installation efficiency.

Supplier Options in France

Valdinox: Offers high-quality mesh cable trays with self-coupling systems for faster installation and longer lifespan.

JL

H Electric: Provides custom fabrication services with competitive factory pricing, suitable for industrial, IT, and office environments. Alibaba & International Suppliers: Useful for bulk orders with potential cost savings, though shipping and import considerations may apply.

Considerations for Cost

Customization: Tailored sizes, bends, and fittings increase unit cost. Material Choice: Higher-grade stainless steel (316) is more expensive but offers superior corrosion resistance. Order Volume: Bulk purchases significantly reduce per-unit cost, especially for B2B projects.

Installation Accessories: Brackets, covers, and mounting hardware may add to the total cost. For precise pricing, it is recommended to contact suppliers directly with your specifications, including tray dimensions, material grade, and quantity, to obtain a detailed quote tailored to your project needs.
