Price of household electrical distribution boxes for bungalows

Overview

New panel box pricing typically ranges from about $150 to $1,900 for parts and labor, with most residential projects landing between $450 and $1,500 depending on amp rating, gauge of wiring, and labor complexity. The cost of replacing or upgrading an electrical panel box typically ranges widely based on panel amperage, enclosure type, and labor needs. This guide breaks down price factors, provides clear low–average–high ranges, and includes real-world pricing snapshots to help the budgeting process. Typical costs are driven by box type, material (plastic vs metal), and whether the box is new construction or a retrofit. A distribution box, also known as an electrical distribution board or panel, serves as the central hub for managing and distributing electrical power throughout a.
