Professional-grade fiber optic connector cassette

Overview

MPO fiber optic cassettes are designed to provide a secure and easy transition between multi-fiber cables to fiber optic patch cables. They come in both single mode OS2 (9/125 um) and multimode OM3 (50/125 um) and they also come in both 12 fibers and 24 fibers. Available in three platforms, you can choose the density and capabilities you require: OPT-X HDX – 144 LC fibers per RU, e2XHD – 96 LC fibers per RU, and OPT-X SDX – 72 LC fibers per RU. Pigtails follow TIA-576 color codes. EHD splice cassettes are 24 fiber cassettes that can be used with. Molex Plug and Play Advanced Fiber Optic Systems offer premium factory-controlled optical performance, enable flexible system configuration and fast, economical installation. ModLink is ideal for mission critical applications such as Data Centers and Storage Area Networks, applications where fast. Legrand Splice Cassettes offer the convenience of working outside of the enclosure with a patented removable splice manager which also aids in dressing the fiber. Learn More about Legrand's complete product line in our Fiber Lead Offering Brochure. Have a Question?

Contact us to speak with a fiber. High-density, pre-terminated MTP / MPO fiber optic cassette modules engineered for fast, reliable deployment in data centers, telecom networks, and enterprise infrastructure.

Article Content

Fiber Optic Cassettes

Our fiber optic splice cassette provide a secure and organized way to permanently join multiple fiber optic cables within your data centers, reducing clutter and improving network manageability.

Fiber Optic MTP Cassettes | Leviton Network Solutions

Leviton helps make fiber deployment easier, safer and cleaner. Available in three platforms, you can choose the density and capabilities you require: OPT-X HDX

Fiber Cassettes

Discover CommScope Fiber Cassettes for efficient network management. Our high-quality Fiber Cassettes streamline connectivity.

ModLink Advanced Fiber Optic Cassettes

ModLink is ideal for mission critical applications such as Data Centers and Storage Area Networks, applications where fast installation is paramount and

Fiber Cassettes | Pre-Terminated & Splice Cassettes | Legrand

The Fiber Pigtail Cassette enables quick installation, reduces splicing errors, and simplifies fiber management with its pre-loaded, compact design. View details to see options for tight buffer, ribbon,

MTP Cassettes Fiber Optic Cables

Optimized cassettes use higher-grade fiber and precision-polished connectors to achieve a maximum insertion loss of 0.5 dB, making them the preferred choice

Fibre Module Cassette | Broadex Technologies

It can be interchanged with adapter panels and flexibly and conveniently installed in the Openpel series of optical fiber distribution frames.

Xpress Fiber Management (XFM) Optical Cassettes

XFM Optical Cassettes are building-block components to an MPO-based connectivity solution. They are the primary point of flexibility in MDF, IDF and

MPO Cassettes Types Prices & Technical Specifications

What Is MPO fiber optic cassettes? MPO fiber optic cassettes are designed to provide a secure and easy transition between multi-fiber cables to fiber optic patch cables. They come in both single mode

© 2026 EXF OPTICAL NETWORKS - All rights reserved

Fiber Optic Adapters & Cassettes

Fiber optic adapters join cables made with different connector types. These adapters enable high-speed transfers of large amounts of data between an optical source device and computers, telephone

The Guide to Fiber Cassettes: A Complete Overview

This article aims to provide a comprehensive introduction to fiber optic cassettes. 1. What is a Fiber Cassette? A fiber cassette is a type of

Fiber Cassette, Fiber Optic Cassette

Fiber cassette - For easy plug and play options, use a fiber optic cassette to connect your fiber network. View our fiber cassette products.

Fiber Optic MTP Cassettes | Leviton Network Solutions

Features of Leviton fiber cassettes include polarity options that include method A, B and C, as well as Universal Polarity for optimal flexibility plus optional IP-5x

MTP Cassettes Fiber Optic Cables

Pre-Terminated & 100% Factory Tested Singlemode & Multimode Fiber Optic MTP / MPO Cassettes High-density, pre-terminated MTP / MPO fiber optic cassette

Supplier and Distributor of Casettes for Fiber Optic

Century Fiber Optics MTP/MPO cassette product line is a family of pre-terminated fan-out modules that streamline the deployment of your optical network

Product Focus: Fiber Cassettes

Cassette-enabled distribution center, connector housing Corning recently added an environmental distribution center (EDC, pictured) and an industrial connector

Fiber Optic Cassette Cleaner | trueCABLE

Our precision-engineered fiber optic cassette cleaner effectively removes dust, oil, and debris from all connector types for optimal signal integrity. It is capable of

Fiber Optic Cassettes, MPO/MTP,LC,SC,MDC,TAPs

Huihongfiber makes MPO/MTP fiber optic cassettes, with LC, SC, MDC connectors. MPO/MTP fiber optic cassettes and fiber optic patch panel are used in large data
