Programa Relay Protection Tester

Overview

With over 500 pre-configured templates, it supports automatic testing for relays from major brands like ABB, SIEMENS, and GE.

Article Content

KINGSINE Protection Relay Test Software

With over 500 pre-configured templates, it supports automatic testing for relays from major brands like ABB, SIEMENS, and GE. Additionally, KINGSINE offers lifetime technical support and free software

RelaySimTest

RelaySimTest is a software solution for system-based protection testing with OMICRON test sets. The software simulates realistic operational statuses and faults in the electric network to check whether

Protection Relay Testing Procedures

Whether you need solutions for analog or digital applications, Protection Suite provides a comprehensive test environment that is flexible to accommodate your

Relay Testing Software

The testing platform developed by Conprove covers a wide range of protection functions, allowing users to test both digital and analog relays from

Megger (Programma) FREJA 300 Protection Relay Test Kit

© 2026 EXF OPTICAL NETWORKS - All rights reserved

The Megger FREJA 300 relay test system (formerly Programma FREJA 300) is a computer-aided relay testing and simulation system for secondary testing of protective relay equipment in substations and

Megger Programma Sverker 650 Protective Relay Test

Megger Programma Sverker 650 Protective Relay Test. SVERKER 650 is for use in high-voltage substations and industrial environments. The built-in capacitor

Relay Protection Tester

Our relay protection tester offers comprehensive testing for both optical digital and traditional protective devices. It''s ideal for power plants, substations, equipment manufacturers, and institutions needing

Megger Programma Sverker 780 Relay Test Unit

Regardless of the environment, the Programma Sverker 780 Relay Test Unit is simple to use with the large rotary switches allowing the operator to even wear gloves while operating. The LCD display is

Megger Programma SVERKER 750 Relay Test Unit

The Megger Programma Sverker 750 Relay Test Set: Logical layout, versatile measurement, PC communication, wide range of relay testing. Excitation curves,

AI Infrastructure, Secure Networking, and Software

Cisco is a worldwide technology leader powering an inclusive future for all. Learn more about our products, services, solutions, and innovations.

Protection Relay Testing and Commissioning

The testing and verification of protection devices and arrangements introduces a number of issues. This happens because the main function of protection devices is related to operation under fault

Relay software

Megger''s advanced relay testing software is designed to simplify the complex task of relay testing. To that end, all software comes with a vast library of digital and electromechanical relay routines from

How to Test Protective Relays Correctly

Usually I try to keep my posts as simple and practical as possible. This post is a little different because I will discuss how I approach all relay testing. Skip this one if

LogicLab s.r.l.

© 2026 EXF OPTICAL NETWORKS - All rights reserved

LogicLab S.r.l. provides the periodic check maintenance, calibration and adjusting services for device DV1512A2-NCI. The use of the DV1512 as a device for

Relay protection testing | Product listing

Relay protection testing Sophisticated test hardware and software solutions to analyze the entire protection system performance.

Testing Software for Relay Protection

Testing software for relay protection is an essential aspect of ensuring the reliable operation of power systems. Relay protection plays a critical role in detecting faults and isolating

Megger (Programma) SVERKER 750 Protection Relay

The Megger (Programma) SVERKER 750 Protection Relay Test Kit represents a pinnacle of precision and versatility in the realm of electrical testing equipment.

Megger Programma SVERKER 650 Relay Test Set

The Megger (Programma) SVERKER 650 Protection Relay Test set provides all of the test functions needed for secondary testing of all single phase relays.
