Qatar Galvanized Cable Tray Prices and Manufacturers

Overview

Cable Trays Supplier in QatarFind Cable Trays in Qatar. Buy Cable Trays at the best price from Electra, one of the leading suppliers of Cable Trays in Qata.

Key Takeaways

Galvanized cable tray prices in Qatar vary based on material, size, and duty rating, with manufacturers providing quotes upon request.

Overview of Suppliers

Several leading suppliers and manufacturers in Qatar offer galvanized cable trays: Altura Industries: Offers a wide range of cable trays, including wire mesh and ladder types, designed for smooth cable pulling and compliance with BS EN 61537: 2007 standards. They focus on high-quality, competitively priced products for MEP contractors. Electra Qatar: Supplies pre-galvanized and hot-dip galvanized cable trays, including heavy-duty options, bends, reducers, and couplers.

Products are customizable for residential, commercial, and industrial applications. Triple M Qatar: Provides cable trays in pre-galvanized, hot-dip galvanized, stainless steel, and aluminum. Thickness ranges from 1.

0 mm to 2. 0 mm, with light to very heavy-duty options. Lengths typically range from 2440 mm to 3000 mm, and widths from 50 mm to 1000 mm.

Other local suppliers: Companies like Brilltech Engineers and A Group Web also manufacture and supply galvanized cable trays in Doha, offering free quotes upon contact.

Factors Affecting Pricing

The cost of galvanized cable trays depends on several factors: Material type: Pre-galvanized vs. hot-dip galvanized steel. Hot-dip galvanized trays are generally more expensive due to higher corrosion resistance. Tray type: Wire mesh, perforated, or ladder trays.

Wire mesh trays are often lighter and may cost less, while heavy-duty ladder trays are more expensive. Dimensions: Width, side height, and length of the tray. Larger and longer trays increase material costs.

Thickness: Steel thickness ranges from 1. 0 mm to 2. 0 mm, with thicker trays suitable for heavy-duty applications costing more.

Customization: Special bends, reducers, tees, and couplers can increase the overall price. Quantity: Bulk orders may reduce the per-unit cost. How to Obtain a QuoteManufacturers in Qatar typically provide customized quotations based on project requirements.

To get an accurate price: Specify tray type (wire mesh, ladder, perforated). Provide dimensions (length, width, side height, thickness). Indicate duty rating (light, medium, heavy, very heavy).

Include quantity and any special accessories (bends, couplers, covers). Contact suppliers directly via their websites or phone numbers to request a formal quote. By providing these details, suppliers like Altura, Electra, and Triple M can offer competitive and project-specific pricing.
