Quotation for Communication Equipment Towers

Overview

Telecom tower pricing typically ranges from $15,000 to over $150,000 for the structure itself, heavily dependent on height, design type, and current global steel prices. A telecommunication tower quotation represents a comprehensive pricing document that outlines the costs, specifications, and implementation details for cellular communication infrastructure projects. A standard 40-meter lattice tower might cost significantly less than a camouflaged monopole of the same height due to design. Introduces Hebei Mailing, a leading comms firm offering core equipment (RRU, BBU, OLT etc. We have received numerous accolades from clients for. Qingdao Altai Tower Co. The Communication Angle Tower, made from high-quality steel, offers robust support for various.
