Atkore Inc. – Offers fiberglass, PVC-coated, and engineered-to-order cable trays and supports, catering to corrosive environments and heavy manufacturing sectors. Thomas & Betts (ABB Group) – Produces durable cable management solutions with smart identification systems for easier maintenance, widely used in utilities, power, and manufacturing. Niedax Group – European manufacturer delivering premium cable routing systems, including high-load ladder trays for power plants and marine applications, with global manufacturing hubs.

M

P Husky – U. S.-based manufacturer specializing in industrial cable tray systems, including FRP trays for chemical and marine facilities, known for custom solutions and quick-assembly designs. Panduit Corporation – Focused on data centers and IT environments, Panduit provides advanced cable management and infrastructure solutions.

Other Notable ManufacturersOBO Bettermann – Offers fire-resistant and perforated metal trays, with a strong presence in over 60 countries. Sunil Engineering Corporation – Produces perforated and ladder trays with accessories, emphasizing customized solutions. Chalfant Manufacturing – Known for innovative self-connecting and walkable tray lines, with over 70 years of experience.

Snake Tray – Offers aluminum and steel cable trays with diverse product lines.

P

T Trias Indra Saputra – Specializes in indoor and outdoor cable ladder systems.

Regional Highlights

Europe: Advanced designs, high-quality standards, and sustainability focus. Key players include Niedax Group (Germany), Spina Group (Italy), and Legrand (France),. North America: Innovation and extensive product ranges for industrial, energy, and commercial applications, including Eaton, Schneider Electric, and MP Husky.

Asia: Volume producers and specialized manufacturers catering to industrial and IT infrastructure projects. South America: Focus on climate-resistant and corrosion-resistant solutions, with companies like Industrias Proa S. A. and TechTray Latin America.

Key Considerations for Selection

Material: Steel, aluminum, stainless steel, FRP, or PVC-coated options depending on load and environmental conditions. Tray Type: Ladder, perforated, wire mesh, or trough trays based on cable density and accessibility. Compliance: International standards such as IEC 61537, ISO 9001, and local regulations.
