Ranking of Silicon Photonics Module Equipment Manufacturers

Overview

Global top 3 companies of silicon photonics modules, including Intel, cisco systems and InPhi, are the leaders of the industry and took up about 97% of the global market. North America holds the major share in the market, with a share of 97%. On the basis of product type, 100G. Mordor Intelligence expert advisors identify the Top 5 Silicon Photonics companies and the other top companies based on 2024 market position. 65 billion in 2025 and is projected to reach USD 9. This report provides a thorough analysis of industry trends, growth catalysts, and strategic insights. A fast strategic view before the full read. 6T optical transceivers, 800G linear pluggables, and AI networking solutions at OFC 2026, all built on its industry-leading silicon photonics technology platform acquired through Acacia and Luxtera.

Article Content

Silicon Photonics Companies

This report lists the top Silicon Photonics companies based on the 2023 & 2024 market share reports. Mordor Intelligence expert advisors conducted extensive

Silicon Photonics Companies

Silicon Photonics industry insights on factors that are driving the growth of the Silicon Photonics Market and key players along with their go to market strategies and new revenue sources.

Top Silicon Photonics Technology Companies & How to Compare

This report provides a thorough analysis of industry trends, growth catalysts, and strategic insights. Silicon photonics is transforming data transmission, computing, and telecommunications.

Top 10 companies in Silicon Photonics Market in 2023

Top 10 Companies In Silicon Photonics Market Rise in adoption of 2.5D integrated onboard silicon photonics by data centers and rising demand for

Top 6 Silicon Photonics Companies Worldwide 2026

The top 6 silicon photonics companies in 2026, including Cisco Systems, Intel, IBM, NeoPhotonics, Hamamatsu Photonics, and STMicroelectronics globally.

Global Silicon Photonics Market Report 2025-2035, with Profiles of

The report examines the convergence of optical and electronic technologies, highlighting how silicon photonics is revolutionizing data centers, telecommunications, sensing applications, and ...

Top 100 Silicon Photonics Companies in 2026 | ensun

Discover all relevant Silicon Photonics Companies worldwide, including Analog Photonics and Intel Corporation (UK)

Global Silicon Photonics Modules Market Research Report 2025

The report will help the Silicon Photonics Modules manufacturers, new entrants, and industry chain related companies in this market with information on the revenues, production, and average price for

Global Silicon Photonics Modules Market 2024 by Manufacturers,

Chapter 2, to profile the top manufacturers of Silicon Photonics Modules, with price, sales quantity, revenue, and global market share of Silicon Photonics Modules from 2019 to 2024.

Manufacturing Equipment | Suppliers | Photonics Buyers'' Guide ...

Explore 1,103 top manufacturers and suppliers of Manufacturing Equipment in our comprehensive photonics buyers'' guide.

Top 100 Photonics Companies in United States (2026)

The company, Analog Photonics, specializes in the development of photonic circuits and has created a fully operational Solid State LiDAR prototype. Their focus on

Top 21 Photonics Industry Companies

© 2026 EXF OPTICAL NETWORKS - All rights reserved

Explore key photonics industry companies like Thorlabs and NKT Photonics, revealing their innovative products and market strategies.

Photonics Companies, Top Photonics Manufacturers

The research insight on photonics market highlights the growth strategies of the companies. Know the future scenario, forecast, and current trends in photonics.

Top ten solar PV module manufacturers show resilience

Despite facing significant challenges, including unprecedented price declines across solar modules and the silicon supply chain, the top ten solar PV manufacturers

Global Industry Report

With 10 years of accumulated data, this report delivers a unique perspective on the thriving global ecosystem of core photonics components manufacturing, the companies involved, where they are

Silicon Photonics Manufacturing Ramps Up

Silicon photonics also is poised to revolutionize image projection technology. By leveraging its ability to manipulate light with precision, silicon

Top Silicon Photonics Technology Companies & How to Compare

Explore the Silicon Photonics Technology Market forecasted to expand from USD 1.2 billion in 2024 to USD 6.

Top ten solar manufacturers ship 500GW modules in 2024

The leading crystalline silicon PV manufacturers have shipped a record 500GW of modules in 2024, according to a report from Wood Mackenzie.
