Interflex USA Interflex US

A specializes in sheet steel cable trays with perforated or solid bottom designs.

Their VIATE

C system offers self-coupling connections, protective covers, and adaptable fittings for curves and level changes. Finishes include Sendzimir galvanized, hot-dip galvanized, epoxy paint, and high-resistance alloy coatings, suitable for both indoor and outdoor environments. 4.

EAE USA EAE US

A manufactures medium- and heavy-duty steel cable trays with electro-galvanized, pre-galvanized, or hot-dip galvanized finishes. They offer ladder and wire tray structures, with lengths of 9. 84' or 19.

68', and reinforced structures using robotic welding for high load capacity. Custom widths and covered designs are available for high-density cable installations. 5.

Platt Electric Supply Platt Electric Supply provides straight sections of steel wire basket, ladder, and channel cable trays. They stock a variety of sizes and finishes, including pre-galvanized, black powder-coated, and stainless steel options, with immediate availability for direct purchase.

Considerations for Direct Purchase

Material and Finish: Choose based on environmental conditions (indoor, outdoor, corrosive environments). Tray Type: Ladder for heavy-duty support, wire mesh for flexible routing, solid bottom for protection, and channel for compact installations. Certifications: Ensure compliance with UL, CSA, and NEMA standards for safety and reliability.

Customization: Many suppliers offer custom widths, lengths, and coatings. Delivery: Suppliers like MP Husky and Platt Electric provide direct shipping and same/next-day delivery options. For direct purchase, you can contact these suppliers through their websites to request quotes, check stock availability, and arrange delivery tailored to your project requirements.
