# Swedish mesh cable tray price quote

## Overview

Wire Mesh Cable Tray In SwedenWire Mesh Cable Tray is often a cost-effective solution compared to other materials. It is relatively affordable, especially.

## Key Takeaways

Wire mesh cable trays in Sweden typically cost between $2 and $25 per meter, with the lower end representing standard steel mesh and higher prices for coated or specialized materials.

### Price Overview

Wire mesh cable trays, also known as basket trays, are generally the most cost-effective option compared to ladder or solid trays due to their lightweight construction and ease of installation. In Sweden, prices vary depending on: Material: Steel is the most common and affordable, aluminum is lighter but more expensive, and stainless steel is the highest-priced for corrosion resistance.

### Coating/

Finish: Pre-galvanized steel is cheaper, while hot-dip galvanizing (HDG) or powder coating increases durability and cost. Tray Type and Size: Standard wire mesh trays are cheaper than ladder trays or custom-sized trays. Project Scale: Bulk orders or large projects can reduce the per-meter cost significantly.

### Typical Price Range

Wire mesh trays: $2–$25 per meter, depending on material and finish. Steel trays: $10–$30 per meter. Aluminum trays: $20–$50 per meter.

Custom or coated trays: Prices may exceed these ranges due to specialized requirements.

### Advantages of Wire Mesh Trays

Lightweight and easy to install, reducing labor costs. Flexible for routing small cables, ideal for data centers or office environments. Durable and low maintenance, often made from recyclable materials like steel or aluminum.

Sustainable: Promotes circular economy practices by using recyclable materials.

### Cost-

### Saving Tips

Buy in bulk to reduce per-meter cost. Select pre-galvanized steel for indoor, dry environments to save money. Compare suppliers in Sweden, as prices can vary between manufacturers.

Consider labor and installation: Wire mesh trays are faster to install than conduit or ladder trays, which can reduce overall project costs. In summary, for a standard Swedish wire mesh cable tray, you can expect to pay around $2–$25 per meter, with the final cost influenced by material, coating, and project scale. Wire mesh trays offer a cost-efficient, durable, and easy-to-install solution for both commercial and industrial cabling projects.
