Syrian Stainless Steel Cable Tray Price Quote

Overview

Quotation requested on FOB basis. Please indicate the nearest port of shipment. Sell Syrian Stainless Steel Tray Cable Tray in bulk to verified buyers and importers.

Key Takeaways

Stainless steel cable trays in Syria typically range from moderate to high prices depending on type, material grade, and customization, with per-meter costs generally between $10 and $25.

Price Overview

In Syria, stainless steel cable trays are available from local manufacturers such as Micro Sheet Crafts, offering a range of specifications at competitive market prices. Prices vary based on tray type, material quality, and structural design. Fully enclosed trays, which provide maximum protection against dust, moisture, and chemicals, are the most expensive, often 20–40% higher than perforated or ladder types.

Ladder trays, with strong mechanical support and moderate ventilation, are moderately priced, while perforated trays are more affordable due to reduced material usage.

Typical Cost Per Meter

Stainless steel trays: $10–$25 per meter depending on thickness, finish, and load capacity. Factors affecting price: material grade, tray type (ladder, perforated, solid-bottom), surface finish, order quantity, and shipping or installation costs. Bulk orders: Larger projects may receive discounts, lowering the per-meter cost.

Customization for specific industrial or commercial applications can increase the price.

Local Suppliers and Features

Micro Sheet Crafts: Offers modular, high-grade steel trays with customizable dimensions and packing. They emphasize durability, quality testing, and on-time delivery. Applications: Ideal for industrial facilities, power plants, chemical plants, data centers, and commercial buildings where corrosion resistance and structural integrity are critical.

Customization: Syrian suppliers can provide trays tailored to specific load requirements, ventilation needs, and environmental conditions.

Cost-

Saving Tips

Opt for perforated trays instead of fully enclosed trays if full protection is not required, saving up to 20–40%. Consider bulk purchasing to reduce unit cost. Evaluate local suppliers for competitive pricing and reduced shipping costs compared to imported trays.

In summary, stainless steel cable trays in Syria are priced based on type, material, and customization, with typical per-meter costs ranging from $10 to $25, and local manufacturers like Micro Sheet Crafts provide reliable, high-quality options for industrial and commercial projects.
