TCL12-core single-mode outdoor fiber optic model

Overview

This spool of indoor/outdoor rated fiber optic distribution cable intended for long distance runs at high speeds. Fiber optic solutions (drawers, panels, connectors. It can be used for LAN and WAN backbones. It has an Euroclass fire safety rating. Enjoy durable, efficient, and cost-effective solutions for your needs. Cable containing up to 4 – 12 optical fibres in water blocked LSZH outer sheathed embedded with two steel wires on the periphery. Bending Radius (during installation): 20 X Overall diameter Max. Our black fiber optic cable is composed of 12 singlemode fibers (9 micron core) inside a water. These are cables that are designed to meet both the rigorous environment of the outdoors but also can be routed indoors, where flame rating requirements also apply. This type of indoor outdoor cable eliminates the need for a “transition splice” to an indoor-rated cable when routing an outdoor cable. This dry loose tube fiber cable comprises one to six sub-units, water-blocking yarn, dielectric strength material, an aramid ripcord, and a MDPE outer jacket.
