Tools for cutting wire mesh cable trays

Overview

This guide highlights five highly capable options that cover sheet-metal tin snips, flush-cut wire cutters, and a drill-attached nibbler. Each selection balances durability, ease of use, and performance on hardware cloth, chicken wire, and light-gauge metal sheets. Cable protectors, Cord Covers and Wire Management products help organize messy cables, reduce tripping hazards, and adds protection to your cables. Make consistent clean cuts with the powerful 20V MAX* XR® brushless wire mesh cable tray cutter. Whether looking for a cordless angle grinder or specific cut-off saw blades, these tools make light of any task. Choosing the right equipment will make your work faster, safer, and more accurate. TOOLEAGUE 12" Aviation Tin Snips with Forged Blade, Heavy Duty Long Straight Cutters Shears for Cutting Sheet Metal, Aluminum & DIY Projects.
