Uganda FRP Ladder Cable Tray Manufacturer

Overview

Fiberglass Ladder Cable Tray Fiberglass ladder cable tray is made of resin, surfacing mat and fiberglass can be widely used in operation platform. Our fibe.

Key Takeaways

FRP ladder cable trays are available from international suppliers like Ganga Fibrotech, Navodaya, and Cofiberial, offering durable, corrosion-resistant solutions suitable for industrial and commercial applications in Uganda.

Overview of FR

P Ladder Cable TraysFRP (Fiber Reinforced Plastic) ladder cable trays are designed for durable cable management in harsh or corrosive environments. They are lightweight, corrosion-resistant, and provide excellent heat dissipation due to their ventilated ladder structure.

FR

P trays are ideal for chemical plants, industrial facilities, commercial buildings, and infrastructure projects where steel trays may corrode or require frequent maintenance.

Key Features

Material: Pultruded FRP with polyester or vinyl ester resin systems, often UV-stabilized for outdoor use. Fire Retardant Options: FR-P (isophthalic polyester) and FR-VE (vinyl ester) for environments with acids, alkalis, or solvents. Sizes: Widths from 150mm to 1000mm, lengths typically 3000mm or 6000mm, with rung spacing of 250–300mm.

Construction: Side members in 'C' section, rungs as hollow square tubes, assembled with mechanical and adhesive locks for high strength. Standards: Compliant with IS 6746 – 1994, NEMA FG 1 1984-1993, and UL 94 flame retardant specifications.

Potential Suppliers

Ganga Fibrotech

Offers high-strength FRP ladder cable trays with widths from 150mm to 900mm and lengths of 3–6 meters. Features include corrosion resistance, easy installation, and compliance with international standards. Website: gangafibrotech.comNavodaya TechProvides ladder and perforated FRP cable trays with polyester and vinyl ester resin systems.

Suitable for highly corrosive environments, with UV-stabilized surfaces and synthetic veils for enhanced protection. Website: navodaya.techCofiberialOffers FRP ladder and channel cable trays with optional covers for fire, moisture, and dust protection. Lightweight and corrosion-resistant, suitable for industrial and residential applications.

Catalog: cofiberial.comLocal Considerations in UgandaWhile there are no direct Uganda-based FRP ladder cable tray manufacturers listed in the web results, international suppliers can ship to Uganda. For local support, steel cable tray manufacturers like Build Matt provide ladder and perforated trays, though these are steel rather than FRP.

Importing FR

P trays may be preferable for highly corrosive or outdoor environments.

Recommendation

For projects in Uganda requiring corrosion-resistant, durable cable management, sourcing FRP ladder cable trays from Ganga Fibrotech, Navodaya, or Cofiberial is recommended. Ensure to specify the resin type, tray width, length, and fire-retardant requirements based on the installation environment. For local fabrication or support, consider consulting steel tray manufacturers for hybrid solutions if FRP import logistics are challenging.
