Warranty for NRZ Liquid-Cooled Switches

Overview

This limited warranty is provided by Schneider Electric and covers defects in workmanship and materials in your product. This warranty period lasts from the date of purchase at the point of sale to you, the original end user, unless otherwise agreed in writing (the "Warranty . We warrant all intercoolers sold by NAPA to be free from defects in materials and workmanship for a period of 12 months from the date of purchase by the original purchaser. Liquid enters via two separate inlet ports and exits through two outlet ports. Fluid enters through two inlet manifolds on the left and right sides of the system's rear part, each splitting into two. must occur before initial required maintenance (250 hrs. for air ooled engines, 500 hr nance is performed at schedules as outlined in the Hatz Operation Manual for the specific engine model and application. Documented proof of the use of genuine parts and maintenance performed at the Hatz. In January 2023, The Immersion Warranty workstream sub-group was chartered to address the open issues surrounding the concerns and mitigations of risks related to the failure or potential failure of IT equipment (ITE), related parts and systems in different liquid cooling environments. The group. As AI workloads surge in 2026, data center architects (DCAs) and GPUaaS providers in Singapore and APAC face a harsh reality: next-generation GPUs like Blackwell GB200 NVL72 push rack power densities beyond 140kW. In such extreme environments, traditional air-cooled switches cannot maintain. The Warranty Finder tool determines the Cisco warranty currently applicable to a product ID or product family.
