What are some brands of fiber optic cable trays

Overview

Our informative and experienced representatives are ready to assist you with any questions that you might have, regarding your fiber optic network.

Key Takeaways

Key manufacturers of fiber optic cable trays include Legrand, Panduit, CommScope, Warren & Brown, Belden, Leviton, Rosenberger OSI, R&M, Canovate, Eaton, and Mulder-Hardenberg.

Global Manufacturers

Several companies are recognized globally for producing high-quality fiber optic cable trays: Legrand (France): Offers the Cablofil brand, known for wire mesh trays suitable for various industrial and commercial applications. Panduit (USA): Provides modular cable management systems, including fiber optic-specific trays.

Comm

Scope (USA): Supplies structured cabling solutions with integrated fiber tray systems. Warren & Brown (Australia/UK): Produces the YellowDuct® system, a halogen-free, LSZH fiber optic cable duct for data centers and telecom hubs. Belden (USA): Manufactures fiber optic cable management solutions for industrial and enterprise networks.

Leviton (USA): Offers fiber optic cable trays and accessories for structured cabling.

Rosenberger OS

I (Germany): Specializes in fiber optic infrastructure components, including trays.

R&

M (Reichle & De-Massari AG) (Switzerland): Provides modular fiber optic cable trays and routing systems. Canovate (Turkey): Supplies fiber optic cable trays and related infrastructure products. Eaton (USA): Offers industrial cable management solutions, including fiber optic trays.

Specialized and Regional ManufacturersMulder-Hardenberg (Netherlands): Offers the YellowDuct® system, a modular, halogen-free fiber optic cable tray system designed for high-demand environments like hospitals, universities, and data centers. The system is compatible with other cable management solutions and emphasizes safety with low smoke and zero halogen properties. Chinese Manufacturers: Key industrial hubs in Shanghai, Zhejiang (Ningbo), Jiangsu, and Shandong host numerous specialized manufacturers capable of producing metal and plastic fiber trays.

These regions provide cost-effective, high-volume production with customization options for global buyers.

Considerations for Selection

When choosing a fiber optic cable tray manufacturer, consider: Compliance with standards: ISO 9001, RoHS, LSZH, and fire safety regulations. Material and design: Halogen-free, low smoke, modular, and expandable systems. Regional expertise: Manufacturers may offer solutions optimized for local environmental conditions or international export standards.

Customization and scalability: Ability to handle large-volume orders and integrate with existing infrastructure. These manufacturers provide a range of solutions suitable for data centers, telecom hubs, industrial plants, and commercial installations, ensuring protection, organization, and efficient routing of fiber optic cables.
